Romeo: Yo, y'all like that
Half-Pint: Dang, baby's fine
Batman: And I can think of a hundred ways
Half-Pint: 'Cause we on our worst behavior
Romeo: Ya got that right (Whoo)
Half-Pint: Dang, baby got the works
Romeo: I'm 'bout to rush that
Half-Pint: Baby psychological
Batman: Man let me hmm hmm hmm
Romeo: I wish I could tell my song
Batman: Yo Immature, kick it to her

Ooooh (7x as background)

Batman: Can you meet me outside, girl

Batman:

I see you there across the room
That brings joy into my heart
To say, we're together, yeah
All the ugly little faces around
Really don't stand a chance
With your lovely ways in the air
They don't compare

I know we bustin' inside
But I'd do anything, to keep you by my side
You mean everything to me, yeah
It's hard to pull you away
But I must tell you right now
About the joy
And love you bring, hey yeah

Can you meet me outside
Can you meet me outside
Meet me outside ooh oh oh, ooooh (So I could tell you
how I feel)

Chorus:

Can you meet me outside

Can you meet me outside
Meet me outside ooh oh oh, oohh
Can you meet me outside

Batman:

All the things you do
Strike me as a cute little habit
That you really shouldn't lose
'Cause you drive me crazy girl yeah
Now some things you do
Really rub in the wrong wrong way
I get excused
But I still love you with all my heart

Can you meet me outside
Can you meet me outside
Meet me outside ooh oh oh, oohh (So I could tell you
how I feel)
Can you meet me outside

Chorus (3x)

Batman: Let's go talk to her
Hey y'all, let's go wait for her over the fire escape
Romeo: She's definitely worth waiting for
Half-Pint: I just sing the whole song to her and see
girlie waitin' a
all those for us
Batman: Hey look, she got some homies, one for you,
you and you.
Hey where'd they go

I wanna say

Na na na, na-na na-na (3x as background)
Na, na, na, na, na

Romeo: Oh man
Half-Pint: They left, man, let's go
Batman: Let's go man, let's go
Half-Pint: Peace man

Chorus (Repeat til music fades)

Na na na, na na na (Sing over Chorus)
Na na na, na-na na-na (Sing over Chorus)
