Would you think about how we used to be?
You know that I loved you ever since
But why would you do this to my heart?
Leave me for some other guy

Would you change your mind
Can you kick it with me again?
I can't let you go just now
Baby...let me know what you want!

Chorus
'Cause I'm never gonna let you go
Never gonna get you out of my mind
You'll always be with me
No matter where you you'll still with me...in spirit

If you just open up your heart
You know that things will go just fine
Baby let me know, what's on your mind
And let me please you, when ever you like

Chorus

Gimme the R, and the O, and the M and the E
Oh, don't you know Romeo's gonna flow
I gave you my love and life
Holding it inside
But when you walked away, you left me behind
And I was broken hearted
And why did you leave?

Didn't I give you everything you needed
All the love you want?
And now you're gone
Left me with a shattered heart
And all i could do
Is rap all about it
Aint that right Fox?

Yeah, that's right
All up in the club with the Immature crew
Lovin' every minute of it

Just think about it
Never gonna let you go
I ain't no hoe
Trying to run up after you
Like you was my true blue boo
I never wanted you for your stash
But now you repay me by askin' for my ass
Now wait a minute
Ill Na Na ain't takin' it
Ain't takin' anything, ain't taking your shit
So once you get your mind made up
Just go on out the door
And get the fuck out outta my life
So what?

Chorus
