[Romeo]

Yeah

Have you ever been with a girl

That you did wrong

And that you knew that you did wrong

And that she goes with somebody else

So now you're mad (can ya hear me one time, say)

Listen up

Everytime I close my eyes I see you

And I know what I'm supposed to do

[Batman]

My love is strong, hold on to me (huh, yeah yeah)

What I did was wrong, she thanked me (say what, say what)

A friendly conversation led to misery (hmm, hmm, hmm)

I'm so troubled that I need you back here with me

(Girl, I need you back) everytime

[Chorus]

Everytime I close my eyes I see you

You used to be my girl

But now you're his boo

And I know what I'm supposed to

Leave her alone and get back with you

[Batman]

There's no other girl in this world for me

(Yeah, I know whatcha mean, uh)

Spend my life with, there's no need to fight (nah, nah)

I feel the chances openin' up to get back in here with you

Not bein' like the other guy

Whose settin' the trend and makin' out love wait

[Chorus]

[Batman]

I want your head back on my pillow

It's a breezy night
Sittin' under the apple tree
Thinkin' about you and me - my baby love
I hope you're wearin' the other half of my heart
I gave to you on Valentine's Day
I need you here with me (yeah...)

[Chorus] - repeat 4timez

Everytime I close my eyes I see you
