Yeah I??m so tired of seeing you like this
All stressed out, don??t know what to do
I know, I??m everything that you want and you need
So why you staying with him
When you need to be with me
Ya know, well hey listen up

What did he do?
What did he say?
To make you feel this way
No way, no how
He didn??t love you in the first place
(He didn??t love you, no, no, no)
He must have been foolish
To let a love like yours slip away
So wonderful and so beautiful
He would never know, oh no, oh no

1 - What would it take to make you leave?
Cause he??s not really what you need
So go on and tell him that you wanna be with me
You??re going in and out of love
Know you had about enough
So now I don??t know what to do
Cause I??m so in love with you
Girl don??t you know

Come on and let me take your hand
Let me take you far away from him
You say your tired of him so try my love
You say you want a real man well I??m the one
He broke your heart, say bye
Girl you need to be with me
Cause I??m all you??ll ever need

Repeat 1

Don??t you know you need a man?
Someone who cares and understands
Girl you don??t need that other man
Cause I??m everything you??ll ever need

Girl don't you know he puts you down
So tell him that you want me now
He broke your heart, say goodbye

Repeat 1
