I pray that I can see  
Beyond this life tormenting me  
Tempting from inside  
Come hysteric thoughts of pain  
Slowly I'm consumed  
Into emptiness I fall  
When all my body's cold and dead  
Will the feelings be the same  
Will my kingdom comfort me  
Of reject my languid soul

Stagnant cooling blood  
Starts to coagulate  
My body weakens and sinks  
As my soul discorporates

Ressurrected from the souls of the damned  
Comes the fury of their dismay  
Ungodly images unveiled to me  
Creations from below  
My body rot within it's grave  
My soul now free to roam

I begin to seek  
What's been taunting me

My lifeless corpse  
No longer blinding me

My incarnate life no more  
My existence now deceased  
Now what I am gone  
I exist in misery  
My unpleasant renization  
And my suffering begins  
Salvation never reacehd  
And my kingdom never found

Starts to coagulate  
My body weakens and sinks  
As my soul discorporates

Ressurrected from the souls of the damned  
Comes the fury of their dismay  
Ungodly images unveiled to me  
Creations from below  
My body rot within it's grave  
My soul forever roam
