Digression to an unknown fear, mortified
Soul embraced in a darkened grasp, path to hell
Infiltrate the weakened mind, succumb to death
Waste away, convulse in pain, dissolve within...

Twisted brain
Abstract world of pain
Anguish of the mind
Tortured afterlife

Bodily entombed... beckons internal grave
Paralyzed with fear... internal decadence
Submit to parasitic thoughts, drown in a mental haze
Extraction from reality, feelings now devoured
Dimension in hell, rotting mind, wastes away
Desire life, fade away, suffer endlessly...

Twisted brain
Abstract world of pain
Anguish of the mind
Tortured afterlife

Exiled from sanity... never to return
Mental paralysis... internal decadence

Twisted brain
Abstract world of pain
Anguish of the mind
Tortured afterlife

Noble ones perverse
Fulfillment of their lusts
Seeking innocense
To satiate their needs
Children for their pleasure
Abducted from the world
Adopted into hell
Punished for their births

(Circle of) Maniacs

Rules of their existence

Insane immortal laws
Desires are forbidden
Lusting for their flesh
Sickened evil minds
Manipulate to death
One hundred and twenty days
Sodom redefined

(Circle of) Excrement

Kneel down before the Lords
And taste the filth awaiting You
A noble feast for those enslaved
Enticing vows of defilement
Unholy palace of perversion
Unbellished with depravity
Embrace Your life, for now
It slips away

(Circle of) Blood

Commencement of their final trial,
Upon their final day
Trembling naked figures slowly
Marched into the courtyard
Tender flesh is seared and ripped,
Tides of blood released
The Masters watch in ecstasy
The orgies of the damned
A sacred ground of tragic deaths
