The rising moon so bleak and old  
It's darkened grin poisons my soul  
Mist pledges the darkness  
I ride this night - lustful with pride

The lurking mist appears out here  
Breaths of evil fire through the snow  
This cloudless night smells of fear  
Keep my soul - dark and cold

The rise of darkness in my sight  
Black forces bound to the moon  
Shadows creep under my skin

Smell of fear - darkness is here

All evil lurk under bleak skies  
Undead and restless are their souls  
Hatred lust aligned by the signs  
Blackened night - darkness rise

Burning eyes watching upon me  
From the dark haunting side  
Caught between mighty winds  
Kingdom of evil find

Demonic in this realm  
I haunt marked by the sign  
Caught between mighty winds  
Kingdom of evil find

From the woods I see the rise of darkness  
In it's deeps I'm on the other side  
From the woods I see the rise of darkness  
In it's craft I'm on the other side
