Come forth demonized
Under the banner of Blashyrkh we ride

In the battlesky we lie estranged
Kings of the raven realm

We trample bejeweled thrones of the Earth
In an age undreamed of

Viewing myriad battles
Yet our eyes sparkling strident with strength

To trample bejeweled thrones of the Earth
In an age undreamed of

The one who sits upon the elder throne
With shadowed faces for the coming centuries

Riding towards the master fields
A ride from the North to the North

By our sacred ravens we are one
In the dead white moonlight

Far above is we reign mercilessly
Kings of the ravenrealm

Stronger than ice Stronger than stone
A horde of the Northern throne

Battles...
Battles in the North.

Battles...
Battles in the North

Those who adhere to principle above battle lust
Sing your songs with dying breath

Come forth demonized
Under the banner of Blashyrkh we ride

In the battle sky we lie stranged
Kings of the raven realm

We trample bejeweled thrones of the Earth
In an age undreamed of

Seeing myriad battles
Yet our eyes sparkling strident with strength

We trample...

Those who adhere to principle above battle lust
Sing your songs with dying breath

For the kings of the ravenrealms!!!

Battles...
Battles in the North.
Battles...
Battles in the North
