Eyeless in eternal time
For I have worn the moon shine
Burn away the daylight glimmer
With my nocturnal senses

Winds have come for me
Winds have come to me
Descending now
Towards the frost moon eclipse

Bearer a spirit kingdom rises
In stormscreens covered by eyes

Night emits its shadow
And there's no difference between ravens

They will come for me
They will come to me
To the cursed realms of the winterdemons

Lavender eyes had only known the underdark

From the crypts of stone they ride beyond the blinding
glare

Eyeless in eternal time
For I have worn moon shine
Burn away daylight glimmer
With my nocturnal senses

Winds have come for me
Winds have come to me

Descending now towards
The frost moon eclipse

Out from the chambers
The horizon will open for me

To the face of the Earth
Will know this black silence

For I saw them march
For the lights
