The mighty sound of damnation calls  
As holocaust sky draw near

Above the storms over Baeskades  
Rule the power of the Vrilla

It's come to ride the seven winters  
With winds of war and winds of cold

Lightning strikes the Northland  
Leading us into seasons of frost

Stand in fog with so cold a heart  
Watching the death of the sun

Valleys abound a thousand of coffins  
The holocaust has just begun

It's the march of the blasphemous masses  
Into damnation all will fall

Chapels of black unholy demons  
Chanting the words of the funeral rites

Pure holocaust

Chanting words of funeral rites

Chapels of black unholy demons

Into damnation all will fall  
It's the march of blasphemous masses

The holocaust's just begun  
Valleys abound a thousands of coffins

Watching the death of the sun  
ohh Stand in the fog with so cold a heart

Leading us into seasons of frost  
Lightning strikes the Northland

Wind of war and winds of cold  
It's come to ride the seven winters

Rule the power of the Vrilla  
Above storms on Baeskades

As the holocaust sky draw near  
The mighty sound of damnation call

Pure holocaust
