### "Until The Day I Die"

Years have passed before me.  
Changing my view of reality.  
In my days I always knew,  
My weak belief I have for you...

I lived for hate so many years.  
Anguish rains of my tears.  
Tears cutting me deeper than knife.  
As my fear grows Stronger Than My Life...

I lived for greed my conscience seared.  
The love I've seized burning my fear.  
Fear I had in me I now defy.  
I will believe Until the Day I Die...

My life in lies ended and set me free.  
And came the time to open my eyes and see.  
See what it is the reason of my life.  
I will believe Until the Day I Die...
