The weight fills my lungs again  
Like a rushing tide, I tried to escape this  
I'm at the bottom of the ocean  
For you I've inhaled water  
For this, I gave everything  
Just to make you understand

I'm just a shell  
Fragments of a dream  
Pieces of a broken man  
Is what remains of me

I've eluded the mouths of a thousand desperate  
sharks, just to present my flaws  
Only to be humiliated by what I could not offer you

I'm just a shell  
Fragments of a dream  
Pieces of a broken man  
Is what remains of me

I'm incomplete, incompatible. You don't have to rub it  
in.  
You sank my self worth.  
You were the anchor to a waterlogged vessel and I  
could never repay the debt I owe  
Where would I be without you, pinning me to the  
ground?

I've eluded the mouths of a thousand desperate  
sharks, just to present my flaws  
Only to be humiliated by what I could not offer you

(This is all for you)  
(This is all for you)

I'm just a shell  
A fragment of a dream  
Pieces of a broken man  
Is what remains of me
