Blind, we follow.
Through sickness, through sorrow.
I need you on my side, just give me the chance, just
give me the sign!

Blind, we follow.
Through sickness, through sorrow.
I need you on my side, just give me the chance!

I said I'd never let you go,
But time has played it's role, and this is how it ends.
Uncertain, unprepared, forever in despair.
Alone and I am scared.
Fight on!

Alive! Alive!
You cannot leave me on my own, it's no life worth
living.
I shouldn't have to do this on my own at the beginning.
We made sacrifices.
We made sacrifices.

Blind, we follow.
Through sickness, through sorrow.
I need you on my side, just give me the chance, just
give me the sign!

Blind, we follow.
Through sickness, through sorrow.
I need you on my side, just give me the chance!

I said I'd never let you go, for once just stay, don't go.
And this is how it ends.
Uncertain, unprepared, forever in despair.
Alone and I am scared.
Live on!

Losing a battle to the game of life,
Love was your downfall.
Finding our solace in the moment,
For your heart and for your memory.

For your heart and for your memory.

As the last bit of breath slowly leaves your lungs.
When the blood seizes within your veins.
I remember the last thing I heard you say.
You said you "feel me in your heart",
Now I feel you in my soul.
I feel you in my soul.

We were like stone.
