I've never seen myself before
Spending all my time in promised lands
Our home, the only place I've ever known
I'm not alone
Lionheart, you are the one who had my back from the
start
Lionheart, you are the one who had my back from the
start
The very start, Lionheart

Over and over and this is how it ends
Time after time my passion never ends
This is where we came from and this is where we met
Faces remembered we'll never forget
Over and over and this is how it ends
Time after time my passion never ends
This is where we came from and this is where we met
Faces remembered we'll never forget

Now is our chance to make a stand
This is the era of the common man

Burn us alive, with the fire that's in our eyes
Burn us alive, our bodies end where our souls survive

Over and over and this is how it ends
Time after time my passion never ends
This is where we came from and this is where we met
Faces remembered we'll never forget
Over and over and this is how it ends
Time after time my passion never ends
This is where we came from and this is where we met
Faces remembered we'll never forget

Over and over
Time after time
This is how it ends

Over and over and this is how it ends
Time after time my passion never ends
This is where we came from and this is where we met

Faces remembered we'll never forget
Over and over and this is how it ends
Time after time my passion never ends
This is where we came from and this is where we met
Faces remembered we'll never forget
