So now I know that this is where we need to go to
believe and get stronger.

I have nothing to say, you have nowhere to run,
Let's stay strong here, our life can get better.

Forgiveness for your crimes is not just praying this
time.

I'm calling recompense, calling out your lies.
Realize in other people's eyes, the consequences were
not mended
By the sign of a cross, on your f*cking forehead.

Shallow man, you've forsaken all you love (for the last
time)

Oh shallow man, for this is not the end,
The time has come for strength, please don't give in.
Show me the will to fight, after this there's life,
This is where you start to believe.

Oh shallow man for this is not the end,
The time has come for strength, please don't give in.
Struggle through and show, for there's always hope
This is where you start to believe, you can grow.

So now I know that this is where we need to go to
believe and get stronger.

I have nothing to say, you have nowhere to run,
Let's stay strong here, our life can get better.

You feel a weight has lifted, you feel your dawn is new
You must hold inside a fear of the hell that waits for
you.

Redeemer, you have tried to gather strength from
skies.

You have no knowledge, no concept of when you die.

Shallow man, you've forsaken all you love (for the last
time)

Oh shallow man, for this is not the end,
The time has come for strength, please don't give in.
Show me the will to fight, after this there's life,
This is where you start to believe, you can grow.

Oh shallow man for this is not the end,
The time has come for strength, please don't give in.
Struggle through and show, for there's always hope
This is where you start to believe.

So now I know that this is where we need to go to
believe and get stronger.
I have nothing to say, you have nowhere to run,
Let's stay strong here, our life can get better.
