Yo

They say my words is sinister, so they plotting my
death//
Like nation of Islam ministers did to Malcolm X//

But I'm never stressed, I stay with the gat in a Riot//
Ready for beef like Chicago with my hat to the side//

Glock and the clip, Locked and load with the Body
Armor//
Cold Blooded, I don't give a fuck about Karma//

Because if it never comes to those who benefit from
Misery//
Ain't no mother fucking way that you can ever do shit to
me//

There's nothing metaphysically deep, about getting
shot//
Pissing in your pants and vomiting blood on the block//

Witness Protection, trying to stay alive on a humble//
Niggas will hunt you down like Dinosaurs Alive in the
Jungle//

And don't mumble when you trying to disrespect my
bars//
I throw a Chinese Nigga at you affected with SARS//

Get banana boat Niggas to murder you for a gee//
Give them a green card and get you chopped up for
free//

But you Ain't even worth getting your body buried//
If you were locked up, you'll be lap dancing for
Commissary//

Cut the Commentary, mother fucker nobodies cares//
You try to go to thugs mansion, but nobodies there//

Cause the Judgment day for you is a empty place//

And Ima send you first class with a hole in your face//

I'm taking your space Nigga, don't act like you know
me//

Cause I'll fuck your girl whether she likes it or not, like I
was Kobe//

I'm Immortal Technique Nigga, you don't want to fuck
with that//

I'll beat the shit out of your bitch, and take her trucker
hat//

I'm still angry and bitter//

Got Niggas laughing at you after you die, like John
Ritter//
