(feat. Akir)

[Intro]

[Akir:] Yo tech, it's the last call baby it's good

[Immortal Technique:] Yeah, you know a remix just feels right dog?

[Akir:] Before we get outta here, you gotta drop one last gem on them

Knahmsayin?

[Immortal Technique:] No question, it's like the elders told me

No one person can do anything, but everyone can do something

So we gotta rep, for all the niggaz that ain't here right now

[Akir:] The outro tip, the One Remix, yo

[Akir]

One Enterprises, comprises the artist and the sound
The pen and paper plays my savior while I'm getting down

Pray for my nieghbors as a favor for holding me down
Slave for my papers as I savor the way that it pounds
It's underground, but the blatant vibrations widely found

Facing the nation complacent radio stations now
Stop hesitaing and contemplating the way we paitient
Start motivating and get them playin the shit we sayin
Ain't no delayin in this war that we gettin slayed in
Cause times a waistin while we stand adjacent to abrasions

They fouls are more than flagrant
And so I see the prisons cages while I pound the pavement

Looking for payment saying fuck enslavement
Usin the tools of old ancients

Announcing my engagment to this music that we making

Ain't no faking on tracks, and we ain't never come wack (never!)

Immortal Technique and Akir y'all niggaz fear us that's a wrap

It's like

[Hook]

One love
One music
One people
One movement
One heart
One spark
One, One, One, One
One gift
One lift
One stance
One shift
One way
One day
One, One, One, One, One

[Immortal Technique]

Immortal Technique in the trenches with my nigga Akir
Our family survived the genocides so we can be here
And now we enterprise the aftermath, one in the same
Living the revolution 'till we catch one in the brain
And even then my spirit will return in heavenly form
And wipe the chess board clean, of my enemies pawns
The red don communist threat, buried and gone
So they invented a war, the government can carry on
It makes me wonder if the word of god is lost in the
man
This is for the children of Iraq, lost in the sand
This is for the illest emcees that'll never be known
And this is for all the soliders that'll never come home
I wrote this for Momia, stuck in a beast
For people who, march in the streets, and struggle for
peace
For hood niggaz, born rugged, never rocking Versace
Eddie Ramirez's cousin George, and my old friend
Sashi
Chris from the block, and all my niggaz stuck in a cell
Paul Wolfowitz, motherfucker I'll see you in hell
My destiny is to show the world, that the music is real
Go back in time and play this shit, for the slaves in the
field
And for my children in the future, waiting to breathe
People slowly dying hanging on, waiting to leave
Believe when I'm gone, and this album's on a library
shelf
I'll be one with god and one with you and everything
else

[Hook]

[Immortal Technique talking]

Yeah..

Revolutionary Volume 2 has been brought to you
By the type of motherfuckers who ain't scared of shit
And if you playing this album, and I'm no longer here
And sometime far away from when I recorded this

Remember that history

Isn't the way the corporate controlled media made it
look like

Read between the lines and free your mind

Revolution is the birth of equality

And the anti-thesis to oppression

But this is only built for real motherfuckers

So when I'm gone, don't let nobody I never got along
with

Try to make songs kissing my ass, recycling my beats
or my vocals

The shit is real over here man

Thank you for listening, and thank you for supporting
independent Hip Hop

The heart and soul of our culture

Keeping the truth alive

Goodnight my people.. goodnight..
