It was late a night, a very star one  
And the sky was so very blue  
Something caught my eye  
Shot across the sky, as a gleaming white contraption  
Clearly very new

These funny looking creatures  
Lulling in my backyard  
Who were here from out of a hatch  
They waved to me  
Form down below  
With their funny heads  
Holding their hats

So come on stay, stay with me  
Please don't go away  
Come on and talk to me, please feel free  
Do you speak english?  
'Cause i want to talk to you  
Where do you come from?

I bet it's wonderful where you live  
You gotta space ship  
I bet there's funny machines everywhere  
I bet you got flying cars  
But ours can only go fast  
We can't do the thing that you can do  
It's just not fair  
I wonder, do you have a time machine  
That takes you anywhere you wanna be, and everything  
you wanna see

People might think i'm mindless  
Unless i've got some kind of proof  
Of you being here with me

So come on stay, stay with me  
Please don't go away  
Come on and talk to me, please feel free  
Do you speak english?  
'Cause i want to talk to you  
Where do you come from?

Did it take you long form where you came from  
And they wouldn't like me, as you could see  
Have a head like a cone  
With the color like a stone  
I was on my own  
Will anyone one believe me

I'm gonna tell you something now  
You gotta keep it to yourself  
It's a secret only you and i know  
Remember that night i told you of ?? In my garden  
One of them flew up to say hello  
He took my by his hand  
Up on my lips  
And he freed his words on to me  
He said you are now one of a kind in our minds  
All of our powers to me

So come on stay, stay with me  
Please don't go away  
Come on and talk to me, please feel free  
Do you speak english?  
'Cause i want to talk to you  
Where do you come from?
