Freeze frame on me
Mmm, can you read it on my face?
Data mining from old memories

Sunflowers and a smile catching
Mmm, welcoming a heartbeat to the family
Light tie lanterns, wish bound in the night

Who? What? When?
All in one stir of a teaspoon
I'm shaken and gasping for air

Lifeline, before and after
In an instant of great white gravity
Hold tight 'cause all is against me
Every cell in my body brace

And keep breathing
Keep breathing

Gracious future
Mmm, won't you lend a hand to pull me through?
'Cause me and you've got some things we need to see
to

Adventures in the multi verse
Effervescent candlelit closeness
Plus I feel like I've just got the hang of this living thing

Who? What? When?
All in one stir of a teaspoon
I'm shaken and gasping for air, air, air, air

I will on one day
And sometime in some place
I've still got some go in me yet

Lifeline, before and after
In an instant of great white gravity
Hold tight 'cause all is against me
Every cell in my body brace

Rise high, cling to the laughters
For that moment of broken tragedy
Bright eyed, the world is against me
Every cell in my body brace

And keep breathing
Keep breathing
Still breathing

My bones stay strong
My days still long
My heart has many heartbeats
And home is where love is

Lifeline, before and after
In an instant of great white gravity
Hold tight 'cause all is against me
Every cell in my body brace

Rise high, cling to the laughters
For that moment of broken tragedy
Bright eyed, the world is against me
Every cell in my body brace

And keep breathing
Keep breathing
Keep breathing
Keep breathing
Keep breathing
Keep
