Not now but soon
The most beautiful light
Will wake us to pillow fighting excitement

Not now but soon
Bright into every corner
Satellites maneuver in beams of change

Standing by the best days of our lives
Magnificent, the best days of our lives
Big bang boom, the best days of our lives
Are coming right up
If we can just get through this one

Who said it was over?
It's as good as it gets
But we've got a few tricks up our sleeves yet

If we swallow "It's all over"
And open wide on these make-to-believe
Sullen, chewed up
Sodden soliloquies

Oh, we're sweet nothings anymore
Terrifying, best days of our lives
We're hanging on the best days of our lives
No two ways about it, best days of our lives

Oh, they're coming right up
If we can just get through this one

I'll hang on, grab onto your feet
Someone else holds tight to my shoelaces
When their trouser leg tears
Runs and stops at the seam
To keep us dangled together
Until help finds us here

I'll hang on, grab onto your feet
Someone else holds tight to my shoelaces
When their trouser leg tears
Runs and stops at the seam

To keep us dangled together
Until help finds us here

The best days of our lives
Better be the best days of our lives
Bring on the best days of our lives
Oh, they're coming right up
Coming right up
If we can just get through this one
