Your name in lights
Vibrating to your ring tone
My world begins to dance

We discuss important stuff
The rendezvous is set up
To catch a film and dinner

Stuck in a cinema or saving me from a car
You'll suddenly realize and fall into my arms
Working you undercover, softly, slowly got ya
Any moment now your gonna swoon into my arms

A same you, a same me
Spoon feeding the ground dark soul
A friend too good to go there with
Shake it up and get it on

Oh well, I know you know you do
And maybe you've not said in so many words
You've always got your reasons
You right little know it all

Stuck in a cinema or saving me from a car
You'll suddenly realize and fall into my arms
Working you under cover, softly, slowly got ya
Any moment now your gonna swoon

Let me be the great scott
Tip top, pit stop in your ocean
I could be the shipmate's wife
Got you down and dirty with the lotion

This is where I was going to sing your name
Over and over again
But I chickened out in the final minute
'Cause I thought you probably wouldn't like it

Swoon and fall into my arms

Let me be the great scott
Tip top, pit stop in your ocean

I could be the shipmate's wife
Got you down and dirty with the lotion

Let me be the great scott
Tip top, pit stop in your ocean
I could be the shipmate's wife
Got you down and dirty with the lotion
