The moment I said it
The moment I opened my mouth
Lead in your eye lids
Bulldozed the life out of me
I know what you're thinking
But darling, you're not thinking straight
Suddenly things just happen we can't explain

It's not even light out
But you've somewhere to be
No hesitation
No, I've never seen you like this
And I don't like it
I don't like it
I don't like it at all

Just put back the car keys
Or somebody's gonna get hurt
Who are you calling at this hour?
Sit down, come 'round, I need you now
We'll work it all out together
But we're getting nowhere tonight
Now sleep, I promise it'll all seem better
Somehow in time

It's not even light out
Suddenly, oh, you've somewhere to be
(Suddenly)
No hesitation
Oh, I've never seen you like this
You're scaring me
You're scaring me
You're scaring me to death

Don't
(Smash)
Please don't
(I do, please another one)

Don't
(Smash)
Please don't

(I do, please another one)

Smash

I'm losing you
I'm losing you
Trust me on this one
I've got a bad feeling
Trust me on this one
You're gonna throw it all away
With no hesitation

Smash

Bye, bye, bye
Bye, bye, bye
Bye, bye, bye
