Inside-out, upside-down, twisting beside myself
Stop that now 'cause you and I were never meant to
meet
I think you'd better leave, it's not safe in here
I feel a weakness coming on

Alright then, alright then, I could keep your number for
a rainy day
That's where this ends, no mistakes, no misbehaving
I was doing so well, could we just be friends?
I feel a weakness coming on

It's not meant to be like this, not what I planned at all
I don't want to feel like this, yeah
Was not meant to be like this, not what I planned at all
I don't want to feel like this, so that makes it all your
fault

Inside-out, upside-down, twisting beside myself
Stop that now, you're as close as it gets without
touching me
Oh now, don't make it harder than it already is
And I feel a weakness coming on

It's not meant to be like this, not what I planned at all
I don't want to feel like this, yeah

Was not meant to be like this, not what I planned at all
I don't want to feel like this, so that makes it all your
fault

Big trouble losing control
Primary resistance at a critical low
On the, on the double gotta get a hold
Point of no return, one second to go

No response on any level, red alert, this vessel's under
siege
Total overload, all systems down, they've got control
There's no way out, we are surrounded
Give in, give in and relish every minute of it

Freeze, awake here forever
I feel a weakness coming on

It's not meant to be like this, not what I planned at all
I don't want to feel like this, yeah
Was not meant to be like this, it's just what I don't need
I don't want to feel like this, so that makes it all your
fault

Feel like this, it's all your fault
Feel like this, it's all your fault
Feel like this, it's all your fault
Feel like this, it's all your fault
