Before electric light
You paddled through the soup of darkness as a
crocodile
Cherry picking in the river
I would leave crisp note footprints at the bank side

Watch it closely, you see it begin to move
Watch it closely, you see it begin to flicker

While we're here let's see what happens
What we got, got, got to lose
While we're tidal and flexed on a full moon
It'd be a sure, sure shame to not to

In every wonder what you are
I've blurted everything I know just for a piece of it
Flash frozen, patch worked and fallow
I sprung up in hearts and arrow superhighways

Watch it closely, you will see it begin to move
Watch it closely, you see it begin to flicker

While we're here let's see what happens
What we got, got, got to lose
While we're tidal and flexed on a full moon
It'd be a sure, sure shame to not to

Do what you feel just how you like
Nobody has to know
Do what you feel just how you like
Nobody has to know

Watch, watch, watch, watch, watch

What we got to lose
While we're here let's see what happens
What we got, got, got to lose
While we're tidal and flexed on a full moon
It'd be a sure, sure shame to not to

Do it for England, do it for love
Do it for us, do it for goodness sake

Do it for all the times, we wished we had

Do what you want, just how you like

Nobody has to know

Do what you want, just how you like

Nobody has to know
