First degree, one simple step, just burn your skin with a cigarette

For the second degree, take a knife, slowly slice and let it bleed

And for the third degree, drink your urine, let the sour taste fill your stomach

chorus: Screaming for the living

Screaming for the dead

Together we go thru

This acid trip from hell

Fucking with your body

Fucking with your mind

Total devastation

Time to fuck off and die

Fourth degree, eat your shit, keep it in, dare not to vomit

For the fifth degree, open up your mind, see those burning pentagrams

now shine

And for the sixth degree, get your gun, let's go hunting the scumfucks

repeat chorus

This is what I want, this what I need

This is why I go thru all the six degrees

This is what I want, this is what I Need

I lost my soul ages ago, hell's my sanctuary

Mindfuck!!!
