Impaled Nazarene
"Alcohol"

We're gonna die when the sun comes up
We'll drink until we drop
My blood's 100 proof
We're gonna stumble ,twist and crawl
99 bottles of beer on the wall
I'd rather drink than fuck

No doubt about it - I can't live without it
No doubt about it - I can't live without it
Alcohol, Alcohol

It is my destiny
You got the beer
We've got the time
You got the coke - Gimme a line

We're gonna die when the sun comes up
We'll drink until we drop
I'd rather drink than fuck
You got the beer
We've got the time
You got the coke - Gimme a line
