Cunt, cunt, cunt...!
Body-mind-soul, in the night, levitation, wanna die !
Body-mind-soul, levitate, as you see, masturbate !
Cunt !
Body-mind-soul, as you see, levitation, what's your
bleed ?
Masturbate, in the night, for everyone, wanna die !
Then you die, by my blade, evil souls, morbid fate !
Then you die, by my fate, what you will see, cannot
escape !
Then you die, Satan's son, what you see ? Evil ones !
Then you die, as you see, Satan's son, Satan's son !
Cunt...cunt...cunt !
Body-mind-soul, levitate, as you will see, your fucking
fate !
Then you die, by my son, evil ones,
I am Soggoth !

Cunt !
For everyone, it is now night
Then you die, wanna die !
All of you'll see, morbid fate,
Here we go, tomb awaits !
Satanic reign, take your life,
Demigod, wanna die !
Satan's son, Satan's son,
I am evil one !
Satan's son, Satan's son,
I am...son, son, son !!
