You whore, you treat men like dogs
In your sickened mind
You think you are a queen of one kind
You are the perfect example of me-me generation
Fuck the V.D's they are cured by pills
No responsibility
You do as you wish
I laugh when you will die of A.I.D.S.
Then you get yourself raped
Tell it to the world
On all possible forums
I read all this shit
With total dismay
How can you be so retarded
Keep on cutting yourself
Your pitiful attempts
To gain some attention for you
You are pathetic whore
Totally worthless
Next time cut the right way
Then you get yourself pregnant
Tell it to the world
On all possible forms
I read all this shit
With total dismay
How can you be so retarded
Finish what you have begun
Cut the right way
Let yourself bleed to death
No one cares at all
What you will do
Your funeral is more than welcome
