Cry you fucking cunt, fucking cry
As I cherish and molest your life
Puke you fucking cunt, fucking puke
You will learn to obey new rules

Gag reflex

Scream you fucking cunt, fucking scream
As I rape your mouth with frozen shit
Squeal you fucking cunt, fucking squeal
You are fucking nothing but fat-ass pig

Such is the realm of the blue room
This stuff is made of nightmares

Cry you fucking cunt, fucking cry
I know right now you wanna die
Puke you fucking cunt, fucking puke
As cum, piss and shit covers you

Gag reflex

Scream you fucking cunt, fucking scream
As I beat you senseless
Squeal you fucking cunt, fucking squeal
As I bite off your clitoris

Such is the realm of the blue room
This stuff is made of nightmares
