Welcome to your Hell  
Where all fears are reality  
Paranoia strikes hard  
Harder, beyond your wildest dreams

Halo of Flies Over my Head  
I am decaying Satan's Wrath  
The to walk planet earth alone  
Spreading disease, death and war

Schizobound of total hell  
Spitting forth hate of Satan's Reich  
Alone on this infernal task  
To plague this world with Satan's Sluts' blood

Halo of Flies Over My Head  
I am decaying Satan's Wrath  
The one to walk planet earth alone  
Spreading disease, death and war

Halo of Death over your Heads  
Total Doom Satan's Wrath  
The Command of the Apocalypse  
As Hell shall reign this earth
