Humanity

What a failure it has been

Last two thousand years

Still climbing in trees

Nothing has changed

Nothing will

Weakling breeds weaklings

Never ending cycle

Pseudo generations

Half functioning

What a disgrace

Nine fingers and half the brain

Impotent mankind

Humanity

What a failure it has been

There is no evolution

Like a dog chasing its tail

Weakling degeneration

We are fucked

Weakling breeds weaklings

Never ending cycle

Pseudo generations

Half functioning

What a disgrace

Nine fingers and half the brain

Impotent mankind
