You fucking inbred shit, you make me so sick  
I'll teach you a lesson you will never forget  
I'll hunt you down, you faggot fucking whore  
Smash your fucking skull and laugh when I am done  
Cursed be the day when you were born  
You should have been aborted now that's for sure  
And one more thing, this is what I think  
Whatever you are involved in is nothing but pure shit  
Say just one more word and here comes my fist  
It rips that faggot face apart you fucking inbred shit  
And I won't rest before you are dead  
And maggots are consuming your oversized head  
Die you fuck, drop fucking dead

I am glad to help you, you fucking piece of inbred shit  
Even if I would be caught I couldn't care less  
'cause long time ago I stopped caring  
My hate is fuelling my inner burning fire  
And to end your life, now that's my desire  
I just hope you have guts to fight  
For I am happy as hell to end your fucking shitty life
