You fucking whore, back from the dead  
I should have known you are alive  
You fucking whore, back from the dead  
I should have known  
Assumption is the mother of all fuck-ups  
By any reasonable logic  
You should be dead  
You schizophrenic cunt  
You fucking whore, back from the dead  
I should have known you are alive  
You fucking whore, back from the dead  
I should have known  
Assumption is the mother of all fuck-ups  
Anorectic, bulimic bitch  
Pathological liar  
Choke on your vomit  
You fucking whore, back from the dead  
I should have known you are alive  
You fucking whore, back from the dead  
I should have known  
Assumption is the mother of all fuck-ups  
ROT OP KUT!  
Now get it this you fuck  
It is all over  
Just fucking die  
Though you can make me happy  
If one dine day  
I read your obituary  
You fucking whore, back from the dead  
I should have known you are alive  
You fucking whore, back from the dead  
I should have known  
Assumption is the mother of all fuck-ups
