Mutilate - fear of the afterlife
Dawn, burn, then you fucking die
As your body rots away
Lucifer, bring me the fucking pain

Goat

Kill, kill at the first sigh
Pain, pain you will fucking die
Kill, killing he wants to see
Satan, rape underaged fucks for him

Wrath

Mutilate, for master you (all) now die

Praying, and still you fucking die
Satan, Satan is the only way
Killing, the most fucked-up sin

Goat

Burning, burning in your mind
Prepare, prepare to fucking die
As your body rots away
Bleeding, (to) bleed is the hardcore sin

Wrath
