Deadblow overrule the shadows
Masters, spirits, painfuck
Jesus & the scum blown away
Lord and master of hell

[chorus:]
Sadhu Satana

Slaughtered, burned, raped
Satanic N.M. takes over
The law is set by chaosgoat
You obey, you slaves, you die !

[repeat chorus]

Cunt !

[repeat chorus]

SS control...SS control, SS control...

[repeat chorus]

Flames, blood, damnation
Suffer and bleed for majesty
Satan, master, Lucifer
Majesty of infernal hellkill

[repeat chorus]
