I placed a crown of thorns
On her stomach
I raped her because I did not
Wanna waste a good erection

Silent and violent type
Obeys no rules

Silent and violent type
Death to whores

Silent and violent type
Born to rape

Silent and violent type

I cut her face with the razorblade
Then I urinated
She swallowed every drop of piss
'Cause dead girls do not refuse

Silent and violent type
Obeys no rules

Silent and violent type
Death to whores

Silent and violent type
Born to rape

Silent and violent type
