Chooosed to be the offensor of Christ  
Evil, disgusting and bloody mind  
He was belched forth of hell  
To torment the son of god...

Lucifer designate me to this work  
Because I love to fuck you  
Eat your delicious mother  
Blaspheming over your Trinity

I was born by semen of Satan  
At a night with full moon  
Blessed by priests of evil  
Marked with the sign of goat  
I've turn my back to you  
My destiny is to be fell  
I spit on your face  
I'm the black vomit of hell

While your mother cry under your feet  
I smile by your disgrace  
Suffering is the only thing  
Wich I desire to you

Christ you is a liar  
Satan is my master  
And command my mind to total desaster

Christ I will fuck  
All the bastards  
Who believe in yours words of love

Christ I hate you  
With all my forces  
Will piss on your corpse and eat your flesh
