

Impaled Nazarene "Total War - Winter War"

Visit "[Total War - Winter War](#)" on motolyrics.com

Do you want total war?
Yes we want total war!
Do you want fucking war?
Yes we want fucking war!

November 1939, eastern front line
Machine gun fire, defending our pride
Four months of hell, thousands of bombs fell
Antaa tulla tenne vaan, Suomi Finland Perkele!
Perkele!

WAR - Winter war
WAR - Bowe to no one
WAR - Winter war
WAR - Kill them all

Russia beaten up, over 200000 communists dead
If they want a new war, this time will kill them all
