"End Of The World"

There was anger and violence, fear and pain
The world was in battle with Mr. Insane
The psychotic leader felt no shame
Killing his people for monetary gain
The act of a madman Hitler before
Lights the sky with nuclear war
Chaotic confusion, hysterical fear
An evil was rising, the end was near

Lighting struck and the world shook like a hurricane
For all to see
The rise and fall of the land we called our paradise
For all to see
Heaven and hell
It's the end of the world
Heaven and hell
It's the end of the world

The president crying "What have we done"
Hold your fire! No use for that gun
The eyes of a nation scream in pain
A burning sensation, it's nuclear rain
People dying, what do we do
Call the savior - the red, white and blue

Lighting struck and the world shook like a hurricane
For all to see
The rise and fall of the land we called our paradise
For all to see
Heaven and hell
The fate of the nation
Heaven and hell
The fate of the nation

It's the end of the world
