Feels like we're losing ground  
With every step we take  
Why must we live in so much horror  
There's not much time left  
Before we slip away  
And we don't have the time to borrow

A new day arrives  
Another page in history slips away  
But no one seems the wiser  
Haven't we learned  
War is not the way to save mankind  
It only breeds destruction  
Destruction... no one sees  
Destruction

I can't make out that image  
Lurking in the shadows  
Looks like someone has lost their way  
Billions spent on the bomb  
While children end up starving  
Could this be the only way

A new day arrives  
Another page in history slips away  
But no one seems the wiser  
Haven't we learned  
War is not the way to save mankind  
It only breeds

[Solo]

A new day arrives  
Another page in history slips away  
But no one sees  
Destruction... no one sees  
Destruction... no one sees  
Destruction... no one sees  
Destruction... no one sees
