Ladies and gentlemen  
Please welcome from Los Angeles California... PUNK

RIGHT

Come on come on  
What's your name  
P.U.N.K... PUNK

Heavy metal punk  
Right

Uh oh uh oh  
Hey Curtis check this out

La la la la la  
Listen up

Once upon a time  
Eminem was the king  
Until this California rocker  
Dropped in on his scene  
Now the critics and the cynics  
And the suits all fear  
Another rap metal whore  
By the name of Punk with a P  
A lot like me  
A heavy metal kid on MTV  
Girls, guitars and no rap jive  
Heavy metal's back  
It's about damn time

Come on get up  
P.U.N.K... PUNK

Heavy metal.. Punk  
Right

Un oh uh oh  
You want some more

La la la la la

Listen up

Bubble gum pop and American Idol  
Eminem's crime... Ha  
He's in denial  
Read his words and watched 8 Mile  
White man thinks he's a black man's child  
So listen up you can fuck Jay-Z and Snoop  
And Dre and yes Fred Durst  
Heavy metal's back and it's here to stay  
Cause rock n roll is American way

So join the punk and sing our song  
A new generation will be born  
Rock n roll will never die  
It's anger and it's vile  
Join the punk and represent  
The voice of America proud to defend  
Heavy metal punks until the end  
It's fashion and it's style  
I am the punk  
Heavy metal punk... Right  
You can't stop this  
Heavy metal punk

Un oh uh oh

[Solo]

Join this punk and sing our song  
A new generation will be born  
Rock n roll will never die  
It's anger and it's vile  
If you join the punk and represent  
The voice of America proud to defend  
Heavy metal punks until the end  
It's fashion and it's style

Join this punk and sing our song  
A new generation will be born  
Rock n roll will never die  
It's anger and it's vile  
If you join the punk and represent  
The voice of America proud to defend  
Heavy metal punks until the end  
It's fashion and it's style

I am the punk  
Heavy metal punk... Huh  
P.U.N.K... That's right

Uh oh uh oh

It's a new generation  
Heavy metal punk... Right  
What's my name... Sing it  
P.U.N.K... That's right
