I'm prisoned by the Belief of my own Desires  
My Eyes, full of Sadness, are pierced by the  
Thorns of bloodred Roses  
... And when Darkness finally surrounds me now  
All what remains is Silence  
Into the Abyss you see  
I'm the Angel of Disease  
Oh Father give Hammer & Nails  
To punish the Sun of Light  
The holy Reek of Putrefaction  
I'm the Lord of Mortal Remains  
A Song like my Lust for Darkness  
My Hymn for those, who are fall  
Why  
You make my Fire burn  
You let me kill my Self  
I open wide my Veins  
Why  
I better close my Eyes  
Oh Prince of Fire  
Blizzard of Unholyness  
Bastard let me do you suffer  
Die in painful Death  
Onward to Golgotha  
Onward to Golgotha
