A boneless Rising  
From the Womb of Hades  
A black Rose lies on my Grave  
The Reek of Dust & Death  
Is surround me  
Enjoy me on diabolical Ways  
If you want to follow me  
There's no Return  
Trust & follow me  
Burn your Coffins - Burn  
Land of burning Coffins  
Shadows of wooden Crosses  
Land of burning Coffins  
Impaled Creatures on my Way  
Land of burning Coffins  
Visions of Death have disappeared  
Land of burning Coffins  
In the Shadows of  
Wooden Crosses  
I awake
