There were sinners bleed  
Demonic seed  
Maniac strikes to attack

Knee deep in blood I wade  
Drunk by the blood of the saints  
Feelings of death make me thrill  
So kill or be killed

Suffering downstairs in my private hell  
Clattering are the chains of death and sodomy

Mental disorder in destructive order  
Hear them screaming in fear from the hole  
There were sinners bleed

Home sweet hell

There were sinners bleed  
Demonic seed  
Maniac strikes to attack

Knee deep in blood I wade  
Drunk by the blood of the saints  
Feelings of death make me thrill  
So kill or be killed

Knee deep in blood I wade  
Drunk by the blood of the saints  
I am the maniac  
Which strikes back to attack
