Nothing is goin' right
A new way of life
It's only a strife
It's just another day
Find time to pray

Looking to the ground
A new better way
What have you found
When it's getting tight
The feeling ain't right

Sing a song
Now now
Nanina now now
Sing a song
Now now
Nanina now now

Rumours spread about
You work overtime
All in your mind
N'so look around
You'll try to get out

You're pulling through
All what is left
Is something new
Now deep down inside
N'you'll win the fight

Sing a song
Now now
Nanina now now
Sing a song
Now now
Nanina now now
Sing a song
Now now
Nanina now now...
