I'm your host, Johnny Ray, what you say, what you say?

Yeah, all the ladies in the house tonight!

Alright, we got a dedication going out to all these hoes

With this big booty ha ha

[DJ Quik]

Now all you bad necks be tryin to give up the sex

Just because you see me in that 94 Lex

Actin like you all that but you knew me when you blew
me

But I can play your game you little undercover groupie

I'ma cha cha with your ass while we sit for minute

Then wait for the indication that you'll let up in it

Then when we tongue kissin I'ma pullin it on out

So when you try to lick my belly I'ma put it in you mouth

You little freaky ass trick, lickin your own nipples

I hit you with this dick and have you walkin like a
crippled

Pair of please dick, for fucin knee high dick, so give it a
kiss

And sign your name on the waiting list

Then after that you can fuck my nigga Hi-C

Then mista K and mista D and then it's back on me

Cus this is the way that we play and you know

So be down for the get down and let us hit you little ho
you

[Chorus: The Chocolate Lovelitez]

This is for the ho in you

In you.. the ho in you (the hoe baby)

This is for the ho in you

In you.. the ho in you (la da da)

[Hi-C]

I be the H to I to dash ya C

Aint no other nigga nasty as me

Now you can ask Quik or either AMG

Who be hookin up orgies constantly

So baby are you ready?
I lay on you belly
Peep out the puss, see if it's smelly
If not, stick my middle finger up in the coochie
Then take my tongue and lick ya down ya booty
And worried about the dookie cus you just took a
shower
Workin your thang for a whole half hour
I'm not like you girls that spit it out and take it out
Girl, I aint mad you can do it in my mouth
Ya never been done this way
I took out my dick she called me Cunta Kintay
And after I drop my knot
I was off my balls and blow up the spot

[Chorus: The Chocolate Lovelitez]

This is for the ho in you
In you.. the ho in you (This is for, this is for the ho in
you)
This is for the ho in you
In you.. the ho in you

[Gangsta D]

Bitch, come down and take a ride with me
And go on a journey with the Gangsta D
But I tell ya, I got the switches hot
Now here we go off to the spot
Glock, is under the seat, cus I aint givin a fuck
That's just another story
But what about these hoes with these big butts that be
givin it up
Fuckin nigga after nigga all tossed up
So what the fuck am I suppose to do?
I don't bareback cus I don't wanna catch that flu
That ya can't shake, so bitch you can miss me
You better think again if you thinking you gon' kiss me
Cus I gives a fuck, I never did never will
You K tell him..

[KK]

If pussy stank pussy kill

[Gangsta D]
