It's overtaking, it's overtaking us
The fall we're taking
It lies awake in us

It's overtaking, it's overtaking us
The brood is waking
The brood is waking up

Come with me again
I can see the end

It's overtaking, it's overtaking us

Come with me again
I can see the end

Pressed and set in place in
Glass but not a basin
We can survive

Nipped and clipped and placed in
Sinks so not to waste in
Flowers they will thrive

It's overtaking, it's overtaking us
