Surrounded by the cares of Life
Situations rise, they press against my soul

Desperate thoughts have blocked me in
Feels like I may lose control

A Voice from somewhere inside of me
Brings comfort and fills my heart with courage
And lets me know that everything will be alright

(I hear Him say)
Be still, my soul, and know that He is God
(He is God)
Stand quietly - He is the Lord
If God is for me who can be against me?
(He is God)
Be still, my soul, He is the Lord

Teach me, Lord, to stay with You
When my emotions try to rule me

Remind me, Lord, of who I am
Show me what You want me to be

In His great strength and confidence
Knowing that You are with me
I'm not afraid of tomorrow
What waits ahead

(I hear Him say)
Be still, my soul, and know that He is God
(He is God)
Stand quietly - He is the Lord
If God is for me who can be against me?
(He is God)
Be still, my soul, He is the Lord

Be still, my soul, He is the Lord
He is the Lord
