Too many times I find myself thinking
I'm the only one who knows
What it's like to need someone
And how it feels to be alone
Forgetting you're watching even if I look away
Then you show me, I'm not really on my own

Chorus:

I can't always see you
But I know you are there
In the quiet ways you talk to me
I can tell you're near
You love me even when I'm not aware
I can't always see you, but I know you are there

So many times I know you're speaking
And although I may not hear
All the things you have to say
In my heart you make it clear
That you'll never leave me even though I turn away
And you show me, I don't have to be afraid

Chorus

And I remember how your love was so real
And how you changed my life completely

Chorus (2x)

I can't always see you, but I know you are there
