Will be the only place she goes
Will be the only place she knows
Will be the only tear at a glance hands reach at the sky

We rout

Speeding up the endless journey
With protection for the poor and lonely
In the thickening mist that was marking his way

Oh message for the boys squad
Oh message for the boys squad
A young maiden is waiting in the girls house
A young maiden is waiting in the girls house
She's dreaming, dreaming, dreaming
Of tin soldier marching on top of the shelf

When doubt comes

Creeping into days of glory
Telling two sides to a story
And the burning of brains and splinters all over the sky

Home

Will be the only place he goes
Will be the only place we know
Will be a one place good as anywhere else you can
hide

Oh message for the boys squad
Oh message for the boys squad
A young lover is staying in the girls house
A young lover is staying in the girls house
They're dreaming, believing and leaving
Tin soldier marching on top of the shelf

Oh message for the boys squad
Oh message for the boys squad
The worlds saviour is waiting in the girls house
The worlds saviour is waiting in the girls house
His dreaming, believing a bleeding
Tin soldier marching on top of the shelf
